Votre message : Subject: IT Specialist Looking for Full-Time Remote Role with Your Company

Dear [Sir/Madam],

I hope this message finds you well. My name is Shaheen Iqbal, a dedicated professional from Pakistan with an MCS in Computer Science. Over the years, I have built a strong foundation in IT and mastered several programming languages, allowing me to excel in a broad range of technical and creative tasks.

With 12 years of freelancing experience, I have developed expertise in website management, social media marketing, graphic design, video editing, Microsoft Office tasks, email management, live chat query handling, data analysis, and more. I am highly skilled at managing multiple projects simultaneously and handling diverse responsibilities with precision.

I am now seeking a full-time remote position and believe your company offers the ideal environment for my skills and aspirations. I am flexible and can work across any time zone, ensuring seamless communication and efficient project delivery.

In addition to my technical skills, I am confident that I can help your company grow by enhancing your online presence, improving operational workflows, and providing innovative solutions. I am fluent in English, Urdu, and Punjabi, and for any written communication in other languages, I can easily use Google Translate to ensure clear and accurate communication. I would be thrilled to contribute to your team and would greatly appreciate the opportunity to discuss how I can add value to your organization.

Please feel free to reach out to me via email at shaheeniqbalonlineworking@gmail.com for further communication.

I look forward to hearing from you soon.

Best regards,
Shaheen Iqbal
