Votre message : Hi,

I came across your website and thought Deel might be a great fit for your business. It's a simple way to handle payroll, contracts, and compliance—whether you're hiring locally or globally.

Deel automates payments, takes care of tax laws, and makes managing teams across countries hassle-free.

Right now, they're offering a free trial for teams of 1-200 employees, so you can try it out risk-free.

Check it out here: <https://get.deel.com/try-it-free>

And if you know anyone else who might benefit, feel free to share this with them!

Best,

Fletcher Lavarack
