Hi, I am Oli Swinburne, I know you don't know me. I came across your website on Google and noticed a small issue with your logo and it doesn't fully reflect the potential of your brand.  
I'd love to help you fix this and create a logo that truly represents your business.

If you'd like to work together, you can reach me here on fiverr : <https://bit.ly/work-with-Swinburne>

Feel free to share this with anyone else who might need a better logo too.
