Votre message : Hello,

At Lyrebird Capital Ltd, we believe every business deserves a financing structure that fuels both immediate growth and long-term success. Whether you're launching a new venture or scaling an established enterprise, our solutions are designed to adapt to your goals.

We currently provide two core options:

- Debt Financing – Capital at a competitive 3% annual interest rate, with no prepayment penalties. A straightforward, cost-effective way to fund growth while keeping full ownership.
- Convertible Debt Financing – A flexible hybrid model combining 3% annual interest with a conversion feature. After two years, the debt may convert into a 10-15% equity stake, aligning our success with yours.

If you're considering strategic funding with built-in flexibility, we'd be glad to review your pitch deck or executive summary. Our team will work closely with you to shape the most effective structure for your next stage of growth.

We look forward to the possibility of partnering with you.

Warm regards,
